

Wayne is one of the most charismatic darts players on the PDC circuit. He has a game that can thrill spectators and demolish even the very best – as he showed in defeating Phil Taylor at the World Championships.

One of the great extroverts of the game, with his kaleidoscopic shirts and imposing on-stage presence, his enthusiasm is infectious and he is a crowd-pleasing favourite.

His willingness to make himself available to fans has created a growing band of supporters keen to see him add to his titles. At the Festival you can be sure that a fun time will be had by all!
